

Eastern & Central Community Trust: Draft Rangatahi Engagement Model

"Acknowledging mana, whai wāhitanga [participation] recognises young people as valued contributors to society, giving them space to participate, assume agency and take responsibility." (Mana Taiohi, 2019)

Young people are a priority for our communities and we want to work with them to enhance their mana. This is a draft model and we are reviewing and revising it with rangatahi and kaimahi taiohi. We believe this could lead to a Rangatahi Action Plan to guide ECCT's funding for young people aged 10-24 years.
